

OUR VISION

To facilitate the establishment of a community based collaborative model to address the needs of alcohol and other drug issues across the Limestone Coast region.

OUR MISSION

To deliver health promotion programs, education and advocacy across the Limestone Coast community to address the full scale of alcohol and other drug issues, using national and international best-practice resources.

WHO WE ARE AND WHAT WE DO

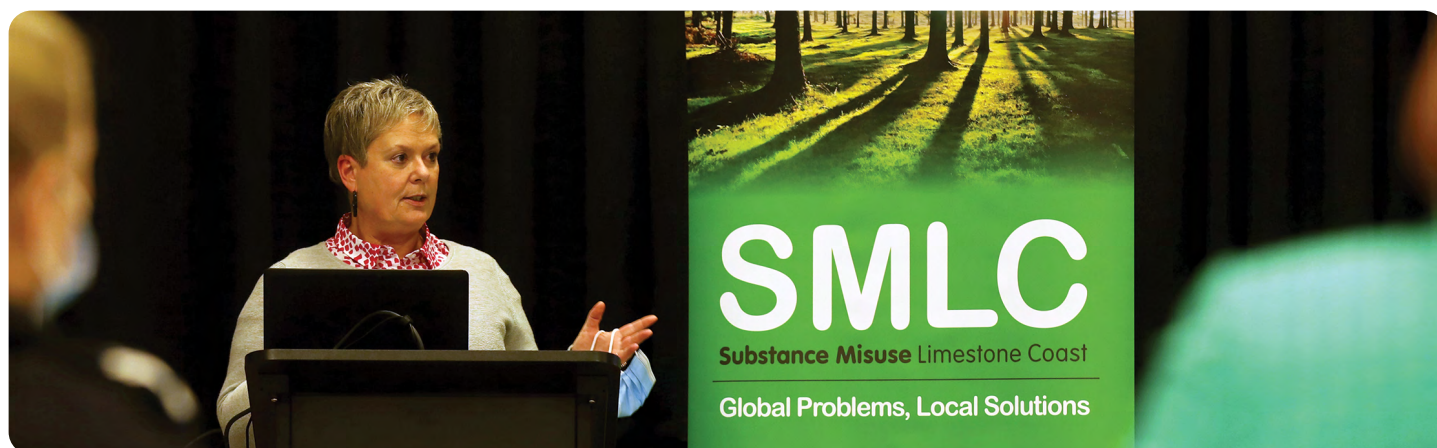

Substance Misuse Limestone Coast (SMLC) have been in operation since 2015, evolving from a working party to becoming an incorporated body with charity status and two employees.

SMLC is a unique organisation, working in partnership with key agencies to deliver health promotion, education and workforce training and advocacy, addressing the challenges of scale across the region's seven Local Government areas. Our volunteer board contains a broad spectrum of highly skilled and diverse professionals.

SMLC's core funding is provided by the Commonwealth Department of Health.

STRATEGIC OBJECTIVES

- ✓ Use harm reduction and evidence-based best practice to inform action
- ✓ Maintain and build partnerships and advocate with key stakeholders across our region
- ✓ Build awareness of emerging trends in alcohol and other drug issues
- ✓ Reduce the impact and harm of alcohol and other drug use in the Limestone Coast
